thamina.ahamed@gmail.com

Dhaka, Bangladesh

Education

2014 – 2018

American International University-Bangladesh (AIUB)

Bachelor of Science in Computer Science (BSc)

Language Proficiency

English Proficiency:

Duolingo English Test – Score: 120

https://certs.duolingo.com/au4la5vgpuzuu_vkz

Achieved a strong score demonstrating advanced English proficiency

Experience

Aug 2025 – Present

Netzet (Remote, Lithuania)

Senior QA Engineer

- Perform end-to-end manual testing for web and mobile applications across multiple releases and feature updates.
- Design and execute smoke, regression, functional, and exploratory test scenarios to ensure high product quality.
- Identify, document, reproduce, and track defects in Jira with detailed reproduction steps and supporting evidence.
- Collaborate closely with developers, product owners, and stakeholders to clarify requirements and validate bug fixes.
- Conduct API testing using Postman and perform basic SQL validation for back-end data verification.
- Participate in Agile ceremonies including sprint planning, stand-ups, retrospectives, and requirement discussions.
- Validate release builds before deployment to ensure application stability and usability.
- Maintain QA documentation including test cases, regression suites, and release validation reports.
- Test email flows, triggers, and communication-related functionalities to ensure accurate system behavior.
- Contribute to continuous QA process improvement and enhanced test coverage across products.

Jan 2022 – Sep 2024

Smedia (Remote, Canada)

QA Engineer

- Conducted manual and exploratory testing for web applications focusing on functionality, usability, UI consistency, and data quality.
- Performed regression, integration, performance, and compatibility testing to validate application stability across releases.
- Executed cross-browser and cross-device testing using Browsers-tack.
- Validated UI implementations against Fig-ma designs to ensure pixel-perfect accuracy and responsive behavior.
- Reviewed product requirements and technical specifications to provide actionable QA feedback during development cycles.
- Collaborated with developers and product teams to identify root causes, reproduce issues, and verify resolutions.
- Maintained organized test documentation, defect reports, and release testing summaries.
- Supported Agile development workflows through active participation in sprint planning, grooming, and QA reviews.

Skills

- **QA Testing:** Manual Testing, Functional Testing, Regression Testing, Exploratory Testing, Smoke Testing, Release Validation.
- **Web & Mobile Testing:** Cross-browser Testing, Cross-device Testing, Mobile Testing, UI/UX Validation.
- **Tools & Technologies:** Jira, Postman, BrowserStack, Figma, Basic SQL
- **QA Processes:** Test Case Design, Test Planning, Defect Tracking & Reporting, Documentation.
- **Methodologies:** Agile/Scrum, SDLC, STLC.

May 2018 – Dec 2021

Smedia (Remote, Canada)

Support Engineer

- Provided technical support and troubleshooting assistance for software-related client issues.
- Implemented tracking solutions using Google Tag Manager (GTM) and analytic tools.
- Worked closely with developers to optimize client-side tracking and reporting accuracy.
- Assisted in data extraction and website crawling tasks for business and analytic purposes.
- Configured custom tracking pixels for platforms including Google Ads and Facebook Ads.

Awards and Achievements

Top Performer Award (Twice) — Smedia

Recognized for outstanding performance, reliability, and consistent contribution to team success
