SKILLS

- Languages: PHP, HTML, Java, C, C++, MATLAB
- Databases: MySQL, Oracle
- ML & Deep Learning: TensorFlow, Keras, PyTorch, Scikit-learn
- ML Deployment: Streamlit
- Manual Testing: Requirement analysis, test planning, test case design & review, test reporting, bug reporting
- Web Automation: Katalon Studio
- Performance Testing: JMeter
- API Testing: Postman, FastAPI
- Project Management: Jira
- Web Scripts: JavaScript, HTML5, CSS
- Others: Word, Excel, PowerPoint

EDUCATION

Bachelor of Science in Computer Science and Engineering (CSE)

American International University - Bangladesh | 2017 - 2022

CGPA 3.00 / 4.00

Higher Secondary Certificate (Science)

Govt. Azizul Haque College, Bogura | 2016

GPA 5.00 / 5.00

Secondary School Certificate (Science)

BIAM Model School and College, Bogura | 2014

GPA 5.00 / 5.00

COURSE

SQA & Cyber Security Course

IT Training BD | August 2024 - May 2025

EXPERIENCE

SQA Intern (Manual Testing)

Shadhin Lab | June 2026 - Present

- Performing **manual testing** on web and mobile applications to ensure quality and functionality.
- Writing detailed **test cases** and conducting **use case studies** for feature validation.
- Executing functional and regression testing across platforms and reporting identified bugs to the development team.

Software QA Intern / Tester

Eazy Tech Solution Ltd | August 2025 - October 2025

- Performed **manual testing** on multiple products.
- Conducted **functional testing** to ensure features worked properly.
- Reviewed and updated product **UI elements** (icons, design issues).
- Identified bugs and reported them to developers (bug reporting).
- Assisted in improving product quality through testing and feedback.

Social Media Marketing Specialist

SR Dream IT | January 2022 - April 2022

- Researched the social media marketing sector and supported team activities.
- Provided virtual support for requests generated by the department.
- Produced short case studies for social media marketing sites.

ACADEMIC PROJECTS

AgroCulture Management System

- Team of 4; contributed to programming and development. (Java, MySQL)

Prison Management System

- Team of 4; contributed to development and design. (C#, MySQL)

Bank Management System

- Team of 3; contributed to programming and development. (Java, MySQL)

Event Management Website

- Team of 4; contributed to programming and development. (PHP, JavaScript, Ajax, jQuery, HTML, CSS, MySQL)
